GARANTİ YATIRIM ORTAKLIĞI ANONİM ŞİRKETİ DIVIDEND DISTRIBUTION POLICY

Garanti Yatırım Ortaklığı targets to provide its investors with an efficiency reasonably above the annual inflation rate in a permanent manner performing proper risk assessments. Partnership adopts as a principle to distribute the income obtained to its investors as much as possible to the extent that it will not pose any risk for the financial structure of the company.

Income distribution policy of the partnership has been prepared based on the Dividend Distribution Communiqué (II-19.1) of the Capital Market Board dated 29.8.2013 which was entered into force after being issued in the Official Gazette dated 29.8.2013 and numbered 28891, and the Communiqué (II-19.1) of the Capital Market Board on Marketable Securities Investment Partnership (III-48.2) which was entered into force after being issued in the Official Gazette numbered 28750. Within this framework, considerations related to the determination and distribution of partnership income are specified in details in the Articles 33 and 34 of the Articles of the Association. Within this scope:

- (1) It is compulsory to divide in cash 20% of the distributable income of the partnership as a first dividend. Rules determined by the Board will be respected in the distribution of dividends for the publicly-held corporations.
- (2) Net distributable income is the remaining amount of the period income left after deducting reserves and taxes to be allocated according to the legislations, and funds and financial payments and, if any, losses of the previous years.
- (3) Net period and losses of previous years reported in the financial tables of the partnership are required to be appropriated with the proper equity capital items. However, losses of previous years that can not be appropriated under requirements of the regulations or due to the presence of tax obligation may be deducted in the determination of the net distributable income.

Dividends of our partnership are distributed equally in proportion to the shares without taking date of issue and acquisition into consideration, to all existing shares as of the distribution date. Dividend distribution operations is required to be started at the latest as from the end of the accounting period where the resolution on dividend distribution are made in the general assembly meeting. Provisions of the Capital Market regulations will be applicable for the remaining part of the net distributable income left after distributing 20% of the same in cash as a first dividend. It may be paid in equal or different installments providing that it must be decided in the meeting where decision on distribution of dividend is made. Conditions specified in the second paragraph of the article 5 in the "Dividend Communiqué (II-19.1)" will be respected in the payment of dividends in installments.

It can not be decided to allocate other reserves, transfer the income to the next year, and distribute dividends from income to the redeemed share holders, members of the board of directors or partnership employees without allocating legal reserves and dividends specified for the shareholders in the Articles of the Association in accordance with provisions of the Turkish Commercial Law and Capital Market Law, and also, dividends from income can not be given to such persons unless the specified dividend is not paid.

Dividend advance may be distributed in cash based on the income available in the financial tables of our partnership belonging to interim periods. Dividend advance belonging to a certain interim period can not be divided in installments. In accordance with the Article 20 of the Capital Market Law, total dividend advance to be given in an accounting period can not be greater than half of the previous period income. It can not be decided to give additional dividend advance and distribute dividends without appropriating the dividend advances paid in the previous period.

Proposal of the Board of Directors related to the distribution of dividend or resolution of the Board of Directors related to the distribution of dividend advance together with the dividend distribution table or dividend advance distribution table the form and content of which will be determined by the Board is made publicly known within the regulations related to the public announcement of special situations by the Board. Dividend distribution table shall be made publicly known, at the latest on the date when the agenda of ordinary general assembly is announced.
