

DIVIDEND POLICY

Our Partnership, aimed at obtaining the maximum profit with minimum expense under suitable conditions of the risk management and within the frame of the corporate management principles, by evaluating the account owners' savings in a portfolio, admits paying the realized profit to its partners as the main goal.

Concordantly, distribution of the period income is determined by the General Assembly, by conforming to all the legal regulations as of TTK (Turkish Commercial Code), SPK (Capital Market Board) and the tax

legislation, within the scope of the terms mentioned in the articles of partnership, by taking the partnership's reliability and productivity into consideration.
